

CARE

Our collective health and wellbeing as a community is dependent on our safety of those around us.

EVERYONE:

- :: Wash hands with soap and warm water and use hand sanitizer often.
- :: Contact Chesley Health and Wellness Center if not feeling well.

IF YOU TEST POSITIVE FOR COVID-19:

- :: Isolate per CDC protocols.
- :: Have an off-campus isolation plan in place.
- :: Follow CDC protocols for return after testing positive, which may include wearing a mask for a period of time.

CREATE A CARING, SAFE ENVIRONMENT ON CAMPUS BY:

- :: Encourage others to follow the Community of Care precautions.
- :: Treat others with respect and care, and do not pass judgment.
- :: Illinois College values civility; remember to call people in, not out.
- :: Use the Community of Care form on Connect 2 to report concerns.
